From My Orange Desk
April 2019

Dear ,

- I had the opportunity to attend a filmmaking retreat taught by [Soul Biographies' Nic Askew](#) recently, and the earth shifted as a result. [Go here](#) to find out how and what that might mean for you. HINT: It has to do with poppies.
- If you are a writer, you might want to read [Ron Carlson Writes a Story](#). He's one of my favorite short stories writers and this book is about the crafting of one of his stories and its implications for all writers. And while you're at it, read one of my favorite books about the creative process: [Art and Fear: Observations on the Perils \(and Rewards\) of Art-Making](#).
- My [TEDx talk](#) popped up on my timeline recently and I thought you might enjoy it.
